

## United States Postal Service

Providing services including building repairs, construction services, etc. at over 60 different Bay Area locations.

1300 Evans Avenue  
San Francisco, CA

TEAMWRKX Facilities has provided building repairs, construction services, and on-call emergency services for USPS Northern CA Bay Area and Central Valley Post Office buildings since 2015. We work under a direct contract with USPS providing roof & gutter repairs, landscape irrigation, vandalism board-up, clean-up & debris removal and on-call emergency services 24/7/365, as well as installation and repairs for VCT & ceramic tile, HVAC, concrete, asphalt, paint, building façades, plumbing, storm drains, fencing, electrical components and carpentry. TXF has performed services at over 60 different USPS locations. We currently provide building repairs and on-call emergency services at all of these locations.
